

GLEN OF IMAAL TERRIER ENTHUSIASTS AND FANCIERS CLUB (1/4/2023) Thank you to the committee for the invitation to judge and thanks to the exhibitors for allowing me to go over their dogs. rather than be too critical of individuals i must say that terrier temperament was sadly lacking with a lot having their tails down most of the time and especially with 1 or 2 rather nervous Glens, mouths were a concern they are terriers and can't do their job without a correct bite, large teeth and a strong jaw. most were well presented. These thing factored in my placings.
