

I felt honoured and proud to be asked to judge our breed at crufts, I would like to thank the steward but most surprised there was only one. Now to the Glens, thank you all who braved the weather to bring your dogs under me. I was pleased with my principal winners, I have not judged this breed since 2016. I think a few were a little overwhelmed with the Cruft's atmosphere, hence some movements not as good as I have seen them move but must be judged on the day. I cannot believe how so many bad mouths have crept into our breed plus ears, the standard says half pricked or rose, we are losing the look and many were penalised for these faults, Lastly when did the trend begin not to hold the glen's tail up.
